

Together We Build!

June 30, 2015

June 22, 2015 marked the official start of the new church building project! To get things started and to help save costs, a team of volunteers placed the silt fence around the construction site. The job site trailer arrived and site work began. By the end of the week, the drain tile was placed and hook-ups to the city water and sewer lines got done. The construction crew will work Monday-Thursday for 10 hours per day. This week site stripping is expected to start and building foundation placement to begin the week of July 6. When the time is right, Zion's project manager, Keith Landin will seek out volunteers to contribute to the project. Contact Keith if you're interested in helping out in the future.

A special THANK YOU! Goes out to the team that saved us money by putting in a little "sweat equity" and installed the silt fence on Thursday, June 18. And thank you goes out to the party that treated this crew with some warm chocolate chip cookies. You are all AWESOME!

"With God, all things are possible."

Week 1 Construction Activity

On Thursday, June 25 the Capital Campaign Committee held a brainstorming session to come up with ideas that are creative, fun and provide the opportunity for the entire congregation and friends to participate. Here are some ideas that have been generated:

- A Scandinavian Dinner
- On-line and live auctions
- Coins for our new Church
- Sports events – Golf Tourney, Hockey Game
- Plus much more!

We need you! The next meeting is July 7 @ 7:00 p.m. in Fellowship Hall and we would enjoy involvement of more people. Please join us! For more information contact committee chair, Steve Hagen.

Giving Opportunities to raise \$700,000	
2 Families	@ \$100,000 = \$200,000
5 Families	@ \$ 50,000 = \$250,000
10 Families	@ \$ 15,000 = \$150,000
50 Families	@ \$ 2,000 = \$100,000
100 Families	@ \$ 1,000 = \$100,000
83 Families	@ 500 = \$ 41,500
250 Families	Achieve over \$841,500!
*Use as a guide for your own personal giving commitment. Gifts over \$700,000 would allow for the exterior of the building to be sided before winter season.
